### Note(s):

\*All Chemistry majors must complete MATH 1910 and MATH 1920. This sequence may be completed at the community college or at the university.

\*\*For Professional Chemistry programs and specific concentrations in Chemistry, PHYS 2110/PHYS 2120 are required. Check with the university to which you plan to transfer for specific requirements.

NOTE: Students transferring to UT Knoxville will also have to meet the foreign language requirement either prior to or when they attend UT Knoxville. This can be met prior to attending by completing 2000-level competency in a foreign language, by completing FREN 2020, GERM 2020 or SPAN 2020.

Check [www.tntransferpathway.org](http://www.tntransferpathway.org) to see which four-year institutions offer this TTP major. Students should meet with their assigned advisor to determine courses required for the university chosen.

Students and advisors should run a degree audit from myChargerNet each semester to confirm classes are applicable to the program of study.
